

Laboratory Notebooks

Keep information safe and well organised with these Fisherbrand™ laboratory notebooks. They are perfect for a variety of applications including recording research data, experimental procedures, design and development ideas.

- Archival-quality acid-free pages are numbered and include spaces for title, project number, book number, date, and witness signature. Information can be used for formal submissions etc, if correct procedures are followed
- Lies flat when opened
- Two different page styles are available: gridded (6mm x 6mm), or lined pages for easy reporting
- User data, notebook instructions, table of contents, periodic table and conversion tables are included in every book
- Bookmark ribbon holds your place for quick reference
- Covers for all versions are waterproof and chemical-resistant
