OVER 100 SOLUTIONS TO EVERYDAY LAB PROBLEMS!

YOUR RESEARCH • OUR SOLUTION

SPOTLIGHT

> Welcome to the first edition of our NEW **Spotlight** brochure!

Spotlight is all about how we can help you simplify your life in the lab and boost your research. In this edition we have selected products from our consumables and equipment portfolio to take centre stage. With more than 100 solutions to everyday lab problems, you can rely on Fisher Scientific to help you to produce your best work each and every day.

So, if you are constantly spilling the contents of your weigh boat over your balance, tired of never having enough storage space or simply wanting to make your lab run more smoothly then we have the solutions.

> **My timer is always hard to see**
>
> The massive 25mm display of our big digit timer is easy to see from across the lab

Fisherbrand

TRACEABLE™ FLASHING LED ALERT BIG-DIGIT ALARM TIMER

- Features: big, 25mm display, count up/down, alarm, flashing LED, adjustable volume, three countdown memories
- Timing capacity: 99 minutes, 59 seconds
- Supplied with batteries, magnetic back, flip-open stand/ clip, opening for lanyard, NIST Traceable™ certificate

Cat No.	Description	Pack qty
11739795	Traceable™ Flashing LED Alert Big-Digit Alarm Timer	1

Need Technical Support? Then we can help here too!

Our Product Support Advisors are all highly qualified professionals who are ready to support and guide you

WHAT OUR CUSTOMERS SAY ABOUT OUR PRODUCT SUPPORT

"I was very impressed by the knowledge and professionalism shown... both telephone calls and emails were responded to immediately and it felt like a tech support call, not a sales call..."

"... we were extremely satisfied with the experience overall! Your specialist could not have been more helpful, dealing so professionally, speedily and friendly with every query..."

"... speed, appropriate technical knowledge and appropriate/clear/ thorough response are what matters and are exactly what I got. Thank you..."

I need a small portable device to measure pH and conductivity

Able to fit in your pocket, our testers provide precise results in a minimum size

NEW N

Fisherbrand™

PH AND CONDUCTIVITY TESTERS

- Push-button calibration with auto-buffer recognition - quick, easy calibration with no calibration mistakes
- Automatic Temperature Compensation (ATC) - ensures optimum accuracy under fluctuating temperatures
- Double junction sensor offers longer lasting usage

Cat No.	Description
15553653	accumet™ AET15 pH tester
15563653	accumet™ AET30 conductivity tester
15523643	pH sensor
15533643	Conductivity sensor

I need to trust my pH measurements

With one to five pH calibration points, our new benchtop meters provide reliable and reproducible results

NEW N

Fisherbrand™

BENCHTOP PH METERS AE150

- Designed for routine pH measurements in the lab
- Efficient sample reading and recording with flexible display options
- Budget-friendly price

Cat No.	Description
15524693	AE150 education set with meter, single junction gel pH electrode, ATC probe and stand
15534693	AE150 bio set with meter, double junction gel pH electrode, ATC probe and stand
15593633	pH/ATC electrode only, AE series 3-in-1 double junction gel
15503643	pH electrode only, AE series single junction gel

I am concerned that my meter will get damaged in the field

Our portable meters are designed and built in a robust plastic. They feature a protective rubber boot which shields the meter from accidental knocks

NEW N

Fisherbrand™

PORTABLE AET TESTERS

- Multi-point calibration (up to five points)
- Automatic Temperature Compensation (ATC) for the highest accuracy under fluctuating temperatures
- 'Hold' function momentarily freezes reading for easy viewing and recording

Cat No.	Description
15523653	Portable pH meter kit accumet™ AE6, includes meter and pH/ATC electrode
15533653	Portable pH meter kit accumet™ AE6B, includes meter, DJ gel pH electrode, ATC electrode
15543653	Portable conductivity meter accumet™ AE6C, includes meter and COND\ATC electrode
15513643	Conductivity/ATC electrode, replacement for accumet™ AE6C portable conductimeter
15543643	Grip-Clip electrode holder, replacement for accumet™ AE portable pH and conductivity meters

How can I ensure my pH readings and measurement system are CFR21 Part 11 compliant?

Now available with new software, these pH meters will ensure compliance with CFR21 Part 11

" I only want to take a limited number of samples out of the freezer, not the complete rack "

With our TracRack™ you just take what you need and store the rest

SPECIAL PRICE

Fisherbrand™

N

TRACRACK™ STORAGE BOXES

- Removable segments save valuable working space and allow more room for sample manipulation
- Box is made from a thin film PP that can be stored down to -196°C
- Moisture resistant, significantly reducing the chance of mould

Cat No.	Description	Pack qty
15356548	TracRack™ Micro reversible cryostorage box, for up to 64 x 0,5mL and\or 96 x 0,2mL tubes	Each

" I need more space between my tubes to help stop cross contamination "

Our storage racks are expandable, instantly creating more working space

SPECIAL PRICE

Fisherbrand™

N

EXPANDING STORAGE RACKS

- Reduce sampling handling time, creating needed room for sample manipulation
- Helps reduce cross-contamination
- Temperature range -80 to 121°C fitting into standard 53mm freezer racking

Cat No.	Description	Pack qty
15162855	Rack, 64 well, for 1,5 to 2mL microtubes and 2mL cryovials	Each
15310380	Rack, for 64 x 0,5mL and 96 x 0,2mL microtubes	Each

## " I struggle to find my cryotubes in our freezer "

You can organise your freezer with a selection of these modular ultra-low freezer racks

FEATURED PRODUCT

Scienceware®
Bel-Art Products

MODULAR ULTRA LOW FREEZER RACKS

- Easily configured to customise freezer space
- Link side-by-side or stack for horizontal and/or vertical storage
- Pull out drawer for easy sample retrieval

Cat No.	Description	Pack qty
15590112	Blue rack with drawer 5-place 68,6 x 15,2 x 8,9cm	Each
15510122	Green rack with drawer 5-place 68,6 x 15,2 x 8,9cm	Each
15580112	White rack with drawer 5-place 68,6 x 15,2 x 8,9cm	Each
15500122	Yellow rack with drawer 5-place 68,6 x 15,2 x 8,9cm	Each
15570112	Top cover for modular ultra-low freezer racks	Each

" I've noticed low viability and recovery of my cells after freezing "

Use cryogenic vials with CoolCell™ to further protect your valuable cell lines

26% OFF

CORNING

N

COOLCELL™ LX, CELL FREEZING VIAL CONTAINERS

- High cell recovery and cell viability
- Simple and consistent way to standardise controlled-rate freezing
- Create an alcohol free (and fluid free) environment in your cell freezing protocols

Cat No.	Description	Pack qty
15572771	CoolCell™ container for 12 x 1,0\2,0mL cryogenic vials	1

> **I wish I didn't have to copy results to my notebook by hand**

💡 Export your data via USB or print it using onboard printer

FEATURED PRODUCT

GENESYS™ 30 VISIBLE SPECTROPHOTOMETER

- Simple and intuitive yet fully-featured user interface shortens student learning curves
- Save scan, fixed and quant data to USB as text files; new snap-on printer accessory delivers fast onboard printing
- Outstanding accuracy and reproducibility

Cat No.	Description
15531182	Spectrophotometer Genesys 30

> **My timer is always hard to see**

💡 The massive 25mm display of our big digit timer is easy to see from across the lab

42% OFF

Fisherbrand™

TRACEABLE™ FLASHING LED ALERT BIG-DIGIT ALARM TIMER

- Features: big, 25mm display, count up/down, alarm, flashing LED, adjustable volume, three countdown memories
- Timing capacity: 99 minutes, 59 seconds
- Supplied with batteries, magnetic back, flip-open stand/clip, opening for lanyard, NIST Traceable™ certificate

Cat No.	Description	Pack qty
11739795	Traceable™ Flashing LED Alert Big-Digit Alarm Timer	1

> **I wish my timer would continue alarming until I acknowledge it**

💡 Adjustable volume alarm of our timer can be set to sound for 60 seconds or to sound continuously

SPECIAL PRICE

Fisherbrand™

TRACEABLE™ THREE-CHANNEL ALARM TIMER

- Triple display shows 3 different times at once; tests can be started individually or simultaneously
- Timing capacity: 99 hours, 59 minutes, 59 seconds; Resolution: 1 second; Accuracy: 0,001%
- Supplied with battery, NIST Traceable™ certificate

Cat No.	Description	Pack qty
11725863	Traceable™ Three-Channel Alarm Timer	1

> **I work in a noisy environment and can't hear my timer alarming**

💡 With our flashing LED alert timer the green light flashes after timing begins and the red LED indicator flashes when zero is reached and will show you the elapsed time

41% OFF

Fisherbrand™

TRACEABLE™ FLASHING LED ALERT BIG-DIGIT ALARM TIMER

- Adjustable volume settings: high decibel, low decibel or mute for silent visual LED operation
- Timing capacity: 99 hours, 59 minutes, 59 seconds; Resolution: 1 second; Accuracy: 0,01%; Channels: Two
- Supplied with battery, magnetic back, flip-open stand/clip, opening for lanyard, NIST Traceable™ certificate

Cat No.	Description	Pack qty
11749795	Traceable™ Flashing LED Big-Digit Dual Channel Timer	1

> ❝ **It is not always possible for me to hear or see my timer** ❞

Our countdown timer vibrates when time is up. It quietly nudges you during a meeting and is the perfect tool for loud environments

20% OFF

Fisherbrand™

TRACEABLE™ VIBRATING TIMER

- Individually numbered keys make setting time fast and easy; select either vibrating or audible alarm with the flip of a switch
- Timing capacity: 9 hours, 59 minutes, 59 seconds; Resolution: 1 second; Accuracy: 0,01%; Channels: One
- Supplied with battery, magnetic back, stand/spring-clip, opening for lanyard, NIST Traceable™ certificate

Cat No.	Description	Pack qty
15516619	Traceable™ Vibrating Timer	1

> ❝ **Why do I have to use two different thermometers to monitor the temperature in my freezer?** ❞

You don't! With just one of our high accuracy thermometers you can monitor two different areas of your freezer

26% OFF

Fisherbrand™

TRACEABLE™ HIGH-ACCURACY REFRIGERATOR/FREEZER THERMOMETER

- Reads to 0,01°C while monitoring MIN/MAX temperatures in refrigerators and freezer simultaneously with the exact date and time readings occurred
- Smart-Alarm™ features a visual and audible alarm that continues to alarm until acknowledged by a user, alarm programmable in 0,1° increments
- Temperature range: -50 to 70°C, resolution: 0,01°C, accuracy ±0,3°C; Supplied with batteries, 3m cable, magnetic strips, flip-open stand, Velcro™, NIST Traceable™ certificate

Cat No.	Description	Pack qty
11725853	Traceable™ High-Accuracy Refrigerator/Freezer Thermometer	1

> ❝ **It's time consuming having to record my temperature readings in a notepad every day** ❞

Put the pen down and let our thermometer do the work for you - it can record 525,600 temperature observations into its memory

30% OFF

Fisherbrand™

TRACEABLE™ EXCURSION-TRAC™ DATALOGGING REFRIGERATOR/FREEZER THERMOMETER

- No additional software needed - recorded data (CSV file) may be transferred from thermometer to PC or Mac using a USB flash drive
- Stores up to 10 unique alarm events, memory can be cleared after downloading data to USB stick
- Temperature range: -50 to 70°C, resolution: 0,01°C, accuracy ±0,25°C; Supplied with batteries, magnetic strips, flip-open stand, Velcro™, wall mount, NIST Traceable™ certificate

Cat No.	Description	Pack qty
15294016	Traceable™ Excursion-Trac™ Datalogging Refrigerator/Freezer Thermometer	1

> ❝ **I never know if my dishwasher is reaching its optimal temperature during the cleaning cycle** ❞

Use our specialised thermometer to monitor temperature in your dishwasher to assure proper cleaning

25% OFF

Fisherbrand™

TRACEABLE™ DISHWASHER THERMOMETER

- Water-resistant and metal design are ideal for use in food and wet lab environments
- Monitors temperatures for proper cleaning
- Temperature range: -20 to 85°C, resolution: 0,01°C, accuracy ±1,0°C; Supplied with batteries, clip for attaching to dishwasher rack, NIST Traceable™ certificate

Cat No.	Description	Pack qty
15293996	Traceable™ Dishwasher Thermometer	1

How can I stop my microcentrifuge tubes from popping open?

Choose our new microcentrifuge tubes which feature a secure locking lid

UP TO 33% OFF

Fisher*brand*™

MICROCENTRIFUGE TUBES WITH LOCKING SNAP CAP

- Convenient, pierceable locking lids snap into place with one-handed operation
- Polypropylene (PP), autoclavable
- DNase/RNase and pyrogen free

> **Every time I put my microcentrifuge tube rack in the water bath, the tubes pop out of it**

Tubes stay firmly in the rack while floating, but are easily removed for benchtop work by pressing the rack down on the bench

FEATURED PRODUCT

Scienceware® Bel-Art Products

FLOATING CENTRIFUGE TUBE RACK

- Superior temperature control of samples
- Work on the benchtop, float in the water bath
- Tubes are held tightly in rack to assure no "pop-up" tubes or "floaters"

Cat No.	Description	Pack qty
15510082	Floating tube rack, 5mL, 24-place, polypropylene	2

> **My microcentrifuge tube caps always pop open when I place them in a warm water bath**

The rack's unique immobilising tabs prevent tube caps from popping open under pressure

FEATURED PRODUCT

Scienceware® Bel-Art Products

MINI FLOATING RACKS

- Keeps tubes in place and caps closed
- For use in water baths, ice or on the benchtop, fits most 1,000mL beakers
- Holds up to twelve 1,5mL or 2,0mL microcentrifuge tubes

Cat No.	Description
15500012	Floating rack neon yellow with vortex attachment
15560002	Floating rack neon yellow no vortex attachment
15590002	Floating rack fuchsia with vortex attachment
15550002	Floating rack fuchsia no vortex attachment
15580002	Floating rack turquoise with vortex attachment
15540002	Floating rack turquoise no vortex attachment
15570002	Floating rack natural with vortex attachment

> **I can't see the bottom of my conical tube to tell when it's empty**

You can hold and clearly view the entire contents of 15mL or 50mL conical tubes with this versatile tube holder

FEATURED PRODUCT

Scienceware® Bel-Art Products

CONICAL TUBE HOLDER

- Holds either a 15mL or a 50mL conical tube
- Entire tube contents remain visible
- Tube can be easily lifted from the holder

Cat No.	Description	Pack qty
11765234	Conical tube holder	4

> I need a durable rack resistant to extreme temperature and harsh chemicals

Our racks are made from Delrin™ fibreglass reinforced polyoxymethylene (POM) which is one of the most resistant materials

SPECIAL PRICE

Fisherbrand™

DELRIN™ FULL AND HALF-SIZE TEST TUBE RACKS

- Made from fibreglass reinforced polyoxymethylene (POM)
- Tough and more highly resistant to acids, solvents and heat (-40 to +140°C)
- Available in half and full sizes for 5 different tube diameters

Hydranal™ and Chromasolv™

Made by Honeywell.
Now at Fisher Scientific.

Same Chemicals, Same Manufacturer

Only the label has changed, not the chemicals inside.
They are still produced by the same manufacturer:
Honeywell Research Chemicals

Same Results, New Source

You can count on Hydranal and Chromasolv to deliver the same consistent results. And now you can buy them from Fisher Scientific.
