

smart spend

Great promotional offers and new innovative products from April to May 2017

Featured Product

NEW 3M™ disposable particulate respirators
8825+ and 8835+

3M™, The Science of Fit

See page 13 for more details

Featured Product

Save 20% on safe nanopowders handling

Labconco™ XPert™ Nano Enclosure

Protecting your
laboratory environment
LABCONCO

See page 10 for more details

Featured Product

Perennial favourite multi-tasking timer with
handy attachment clip

Traceable™ Clip-It™ Timer

See page 9 for more details

Featured Product

Introductory offer! Increase your cell-based
assay performance up to 50% by using the
Thermo Scientific Nunc Edge 2.0 96-well plate

FiveEasy™ and FiveEasy™ Plus Benchtop pH and Conductivity Meters

- Large, easy-to-read display with all information visible at a glance
- Five self-explanatory buttons make operation simple and easy
- Electrode arm extension pole included for measurements in tall vessels
- Increased measuring range with up to five calibration points ('Plus' model)

Simple and straightforward, budget-oriented entry level meter range for benchtop pH/mV and conductivity measurement

Cat No.	Description	Price
15490324	Benchtop Conductimeter FiveEasy™ F20-Meter Only	3 351,00
15503380	Benchtop Conductimeter FiveEasy™ F30-Meter Only	6 391,00
15513380	Benchtop Conductimeter FiveEasy™ F30-Standard Kit	7 487,00
15523380	Benchtop Conductimeter FiveEasy™ Plus F30-Meter Only	8 217,00
15533380	Benchtop Conductimeter FiveEasy™ Plus F30-Standard Kit	9 313,00
15543360	Benchtop Meter FiveEasy™ pH F20-Standard Kit	4 748,00
15553360	Benchtop Meter FiveEasy™ pH F20-Meter Only	4 565,00
15563360	Benchtop Meter FiveEasy™ Plus pH F20-Meter Only	5 661,00
15573360	Benchtop Meter FiveEasy™ Plus pH F20-Standard Kit	5 935,00
15583360	Benchtop Meter FiveEasy™ Plus pH F20-Bio Kit	3 652,00
15583370	Benchtop Meter FiveEasy™ Plus pH F20-Micro Kit	6 391,00
15593370	Benchtop Meter FiveEasy™ Plus pH F20-TRIS Kit	6 117,00

SPECIAL OFFER

Visible and UV Range Cuvettes

- Manufactured from the highest quality virgin resins. Highest optical quality
- Clear and sharp optical path. They provide accurate and reliable results
- Available in the macro (4.5mL), semi-micro (1.5 and 2.5mL) with 2 or 4 optical faces
- Compatible with most spectrophotometers and photometers
- Packed in a practical dust-proof support container

Made of optical PS and UV grade PMMA and are equipped with optically machined walls (optical faces) to ensure optimal transparency along the spectral field from 340 to 800nm (optical PS) and from 280 to 800nm (UV grade PMMA).

Cat No.	Description	Pack qty	Price
10071091	Semi-micro cuvettes PS 1.5mL	100	66,88
10781791	Semi-micro cuvettes PS 2.5mL	100	60,00
10116390	Macro cuvettes PS 4.5mL	100	66,88
10368834	4-clear faces macro cuvettes PS 4.5mL	100	60,04
10663852	UV semi-micro cuvettes PMMA 1.5mL	100	100,00
10472511	UV semi-micro cuvettes PMMA 2.5mL	100	90,00
10462511	UV grade macro cuvette PMMA 4.5mL	100	90,00
11388773	UV 4-clear faces macro cuvettes PMMA 4.5mL	100	83,28
11979858	UV 4-clear faces macro cuvettes PMMA 4.5mL	500	424,48

Isotemp™ Series

Isotemp stirrers, hotplates and stirring hotplates are designed to provide precise stirring control, exceptional safety and temperature performance for your routine protocols. Available in several sizes, providing flexibility from microscale chemistries to production operations.

Advanced technology

- Slow-speed stirring, consistent speed control, and strong magnetic coupling
- Temperature adjustable in 1 degree increments
- HOT TOP warning system designed to protect from accidental burns with prominent display when heating surface is above 50°C (122°F)
- Automatic over-temperature protection

Flexible, robust design

- Top plate choices in ceramic or aluminium
- Raised display design protects electronics from spills
- Optional temperature probe and splash guard protection shield
- Variable sizes for different sample volumes
- Stir bar is included with stirrer and stirring hotplate models

Flexible features. Maximum benefits

Isotemp™ Series, Small Sized Models

- Working Surface: 10.8 x 10.8 cm (4.25" x 4.25")
- Overall dimensions: 12.7 x 25.4 x 9.1 cm (5" w x 10" d x 3.6" h)

Cat No.	Description	Price
15343508	Hotplate, ceramic, (EU Plug)	1 737,00
15363508	Hotplate stirrer, ceramic, 50-1500rpm, (EU Plug)	2 113,00

Isotemp™ Series, Medium Sized Models

- Working Surface: 18.4 x 18.4cm (7.25" x 7.25")
- Overall Dimensions: 20.8 x 33 x 9.7cm (8.2" w x 13" d x 3.8" h)

Cat No.	Description	Price
15313518	Hotplate, ceramic, 50-1500rpm, (EU Plug)	1 930,00
15353518	Hotplate stirrer, ceramic, 50-1500rpm, (EU Plug)	3 174,00
15323528	Hotplate stirrer, aluminium, 50-1500rpm, (EU Plug)	3 589,00

Isotemp™ Series, Large Sized Models

- Working Surface: 26.0 x 26.0cm (10.25" x 10.25")
- Overall Dimensions: 28.7 x 41.1 x 10.2cm (11.3" w x 16.2" d x 4" h)

Cat No.	Description	Price
15333538	Stirrer, ceramic, 50-1500rpm, (EU Plug)	3 136,00

For complete range of accessories refer to our website:
www.fishersci.co.uk

Isotemp™ Advanced Series

The Isotemp Advanced series of stirrers, hotplates and stirring hotplates are designed to provide reliable performance, dependable safety and precise control. Available with optimised controls and settings for applications that demand advanced precision.

Intuitive design

- Top plate choices in ceramic or aluminium
- Raised display design protects electronics from spills
- Ability to set programs (ramp/dwell) as well as save settings
- Stainless steel PT100 temperature probe, supporting rod and clamp kit included with both hotplate and stirring hotplate models
- Stir bar included with stirrer and stirring hotplate models
- Optional PT1000 temperature probe and splash guard protection shield

Advanced technology

- StirTrac features innovative engineering for slow-speed stirring, consistent speed control and stronger magnetic coupling
- HOT TOP warning system designed to protect from accidental burns with prominent display when heating surface is above 50°C (122°F)
- Temperature adjustable in 1°C increments except when using temperature probe gives ability to control in 0.1 degree increments below 100°C

Reliable performance. Ease of operation

Isotemp™ Advanced Series Models

- Working Surface: 18.4 x 18.4cm (7.25" x 7.25")
- Overall Dimensions: 20.8 x 33 x 9.7cm (8.2" w x 13" d x 3.8" h)

Cat No.	Description	Price
15353528	Hotplate, ceramic, (EU plug)	5 114,00
15363528	Hotplate, ceramic, (UK/AUS/CN plug)	5 201,00
15373528	Stirrer, ceramic, (UK/AUS/CN Plug), 50-1500rpm	5 278,00
15393528	Hotplate stirrer, digital ceramic, 230V 50/60Hz (EU Plug), 50-1500rpm	5 847,00
15303538	Hotplate stirrer, digital ceramic, 230V 50/60Hz (UK/AUS/CN plug), 50-1500rpm	5 934,00

For complete range of accessories refer to our website:
www.fishersci.co.uk

Experience the reliability of our easy-to-use stirrers, ideal for routine stirring applications

RT Basic Series Magnetic Stirrers

- Strong magnetic coupling to ensure consistent stirring during experimental procedures
- Three size options: 120mm, 170mm, 220mm
- Low profile lightweight design with small footprint
- Speed control: 150 to 2500rpm
- Two non-slip silicone plate covers included with all units (1 black, 1 white)

Cat No.	Description	Price
15336607	RT Basic 120mm top	1 272,00
15346607	RT Basic 170mm top	1 497,00
15356607	RT Basic 220mm top	1 993,00

Rely on the accuracy of our low-profile analogue hotplate stirrers for your routine applications. Each unit is equipped with HOT TOP warning and built-in over-temperature safety shut-off

Isotemp™ RT Basic Hotplate Stirrer

- Automatic over-temperature safety shut off at 450°C
- Hot top warning indicator
- Max temperature of 350°C
- Two threaded holes for support rods
- Aluminium top provides excellent temperature uniformity while the thin ceramic coating provides excellent corrosion resistance and a white surface for optimal sample viewing
- 20L stirring capacity

Cat No.	Description	Price
15316607	Isotemp™ RT basic hotplate stirrer	5 644,09

Equipped with PT100 sensor for precise temperature measurements for sensitive experimental procedures

Isotemp™ RT Advanced Hotplate Stirrer

- Precise digital control with 0.1°C resolution
- HOT TOP warning indicator
- Two threaded holes for support rods
- Automatic over-temperature safety shut off at 450°C
- Heating rate can be set from 0 to 100% at 1% intervals
- View current and set temperature simultaneously
- Timer: start immediately or when desired temperature is reached
- Aluminium top provides excellent temperature uniformity while the thin ceramic coating provides excellent corrosion resistance and a white surface for optimal sample viewing
- 20L stirring capacity and stir speed range: 30-2000rpm

Cat No.	Description	Price
15326607	Isotemp™ RT advanced hotplate stirrer	7 353,29

For complete range of accessories refer to our website: www.fishersci.co.uk

Keeping innovation safe and simple

The New KISS™ Baths and Circulators for Laboratories

- Working temperatures from -30°C to +200°C
- Bright, large OLED display
- Simple operation with menu navigation
- USB and RS232 interfaces
- Overtemperature and low level protection

The new KISS™ baths and circulators with OLED display combines state-of-the-art technology with simple operation and stylish design. KISS™ models are suitable for many routine applications in the laboratory such as the temperature control of samples, analytical tasks or material testing.

Cat No.	Description	Price
Heating immersion circulator		
15682707	Heating immersion thermostat KISS E, 25-200°C, 2kW	7 156,95
Heating baths with polycarbonate bath, to +100°C		
15602717	Bath thermostat KISS 106A, 6L, 25 to 100°C, 2kW, polycarbonate bath	9 817,86
15612717	Bath thermostat KISS 108A, 8L, 25 to 100°C, 2kW, polycarbonate bath	10 460,16
15622717	Bath thermostat KISS 110A, 10L, 25 to 100°C, 2kW, polycarbonate bath	10 735,42
15632717	Bath thermostat KISS 112A, 12L, 25 to 100°C, 2kW, polycarbonate bath	11 928,25
15642717	Bath thermostat KISS 118A, 18L, 25 to 100°C, 2kW, polycarbonate bath	12 295,27
Heating baths with stainless steel bath, to +200°C		
15692717	Bath thermostat KISS 208B, 8.5L, 25 to 200°C, 2kW, stainless steel bath	11 836,49
15682717	Bath thermostat KISS 212B, 12L, 25 to 200°C, 2kW, stainless steel bath	12 570,54
15672717	Bath thermostat KISS 215B, 15L, 25 to 200°C, 2kW, stainless steel bath	12 845,80
15662717	Bath thermostat KISS 220B, 20L, 25 to 200°C, 2kW, stainless steel bath	13 671,61
15652717	Bath thermostat KISS 225B, 25L, 25 to 200°C, 2kW, stainless steel bath	14 589,16
Cooling baths, to -30°C		
15622707	Refrigerated heating bath thermostat KISS K6, 4.5L, -25 to 200°C, cooling 0.2kW, stainless steel	25 783,36
15632707	Refrigerated heating bath thermostat KISS K6s, 4.5L, -25 to 200°C, cooling 0.26kW, stainless steel	30 738,17
15642707	Refrigerated heating bath thermostat KISS K12, 12L, -20 to 200°C, cooling 0.25kW, stainless steel	34 224,89
15642707	Refrigerated heating bath thermostat KISS K15, 15L, -20 to 200°C, cooling 0.25kW, stainless steel	34 224,89
15662707	Refrigerated heating bath thermostat KISS K25, 20L, -30 to 200°C, cooling 0.4kW, stainless steel	42 758,18
15672707	Refrigerated heating bath thermostat KISS K25, 25L, -30 to 200°C, cooling 0.4kW, stainless steel	45 235,58

Buy a BINDER growth chamber at a special price

BINDER Growth Chambers KBW and KBWF Series

- Optimum growth for *in vivo* and *in vitro* cultures
- Patented lighting system ensures homogeneous light distribution
- Flexible positioning of illumination cassettes
- Homogeneous temperature distribution with APT.line™ technology
- Pressure humidification with fast response times
- Humidity on KBWF series 10% to 80% RH

Get a special price on BINDER Growth chambers. KBW series with light or KBWF series with light and humidity

Cat No.	Description	Price
15661197	KBW240-230V Growth chamber with light 247L, 0-70°C	88 145,70
15621207	KBW400-230V Growth chamber with light, 400L, 0-70°C	97 380,08
15671207	KBW720-230V Growth chamber with light, 698L, 0-70°C	135 997,80
15691207	KBWF240-230V Growth chamber with light and humidity, 247L, 0-70°C	134 311,88
15611217	KBWF720-230V Growth chamber with light and humidity, 700L, 0-70°C	161 192,99

Ideal for drying heat-sensitive materials

Thermo Scientific Vacuotherm Vacuum Ovens

- Temperatures of up to +400°C (shelf heating)
- Excellent heat transfer and fast heating up minimise operation time
- Ovens can dry up to six times faster than conventional units
- Front window with double-paned safety glass provides unique implosion protection
- Alternative BL versions available with additional safety features for applications with flammable solvents

Two years warranty with Thermo Scientific Vacuotherm vacuum ovens gives you security and confidence.

Cat No.	Description	Price
10664142	VT 6025, 25L, jacket-heating, no inert gas connection, +200°C rated temperature	73 176,00
10375954	VT 6025, 25L, jacket-heating, +200°C rated temperature, Digicon S analogue temperature controller	79 477,48
10019490	VT 6060 M, 53L, jacket-heating, +200°C rated temperature	105 340,76
15424610	VT 6060 P, 53L, shelf-heating, +300°C	53 116,46
10488431	VT 6130 M, 128L, jacket-heating, +200°C rated temperature	169 989,58
11606380	VT 6130 P, 128L, shelf-heating, +300°C	112 384,14

A better environment, inside and out

NEW TSX Series High-Performance Refrigerators and Freezers

- Designed to safely store medical and laboratory storage
- Whisper quiet with a sound level of 52 dBA
- V-drive technology is designed to reduce energy without compromising performance
- Lower HVAC costs as a result of less heat emission into the environment
- Specialty models for blood bank, plasma, pharmacy and enzyme storage

Thermo Scientific™ TSX Series high-performance laboratory refrigerators offer a sustainable choice for clinical and laboratory storage.

Cat No.	Description	Price
15618416	Lab refrigerator TSX series High-Performance, 650L, 2 to 8°C, glass door	63 311,46
15638416	Lab refrigerator TSX series High-Performance 650L, 2 to 8°C, solid door	61 476,35
15608416	Blood bank refrigerator TSX series High-Performance, 2 to 8°C, 650L, glass door	82 580,17
15628416	Pharmacy refrigerator TSX series High-Performance, 650L, 2 to 8°C, solid door	66 064,14
15668416	Freezer TSX series High-Performance 650L, -30°C, solid door, auto defrost	68 816,81
15658416	Freezer TSX series High-Performance 650L, -20°C, solid door, manual defrost	68 816,81
15648416	Enzyme freezer TSX series High-Performance 650L, -20°C, solid door, manual defrost	75 239,71
15678416	Plasma freezer TSX series High-Performance 650L, -30°C, solid door, auto defrost	91 755,75

Datalogging thermometer with user-defined time intervals

Traceable™ Excursion-Trac™ Datalogging Refrigerator/Freezer Thermometers

- Meets current requirements for vaccine storage and monitoring
- Rolling memory structure, maintains most recent 525,600 temperature observations
- Memory can be cleared on unit after downloading data to USB stick—no software required
- Hassle-free retrieval of data—unit can remain in use while downloading/analysing data
- Status indicators—low battery, memory full, USB data transfer, active alarm state
- Supplied: stand, Velcro™, magnetic strips, wall mount, batteries, Traceable™ Certificate

Cat No.	Description	Resolution	Accuracy	Probe	Price
15560765	-90.00 to 105.00°C (-130.00 to 221.00°F)	0.01°	±0.2°C	Platinum RTD sensor, 1 stainless-steel 316	1 246,00
15570765	-90.00 to 105.00°C (-130.00 to 221.00°F)	0.01°	±0.2°C	Platinum RTD sensors, 2 stainless-steel 316	1 613,50

Datalogging thermometer that can be used in 21 CFR 11 environments

Traceable™ Memory-Loc™ Datalogging Refrigerator/Freezer Thermometers

- Meets current requirements for vaccine storage and monitoring
- Use in 21 CFR 11 environments, raw data is locked and may not be cleared/changed on base unit while maintaining over 1,000,000 temperature observations
- Datalogging thermometer with adjustable logging interval
- Hassle-free retrieval of data—unit can remain in use while downloading/analysing data
- Status indicators—low battery, memory full, USB data transfer, active alarm state
- Supplied: stand, Velcro™, magnetic strips, wall mount, batteries, Traceable™ Certificate

Cat No.	Range	Resolution	Accuracy	Probe	Price
15580765	-90.00 to 105.00°C (-130.00 to 221.00°F)	0.01°	±0.2°C	Platinum RTD sensor, 1 stainless-steel 316	1 389,50
15590765	-90.00 to 105.00°C (-130.00 to 221.00°F)	0.01°	±0.2°C	Platinum RTD sensors, 2 stainless-steel 316	1 757,00

Temperature-buffered bottle insulates sensor from rapid temperature changes

Traceable™ Refrigerator/Freezer Plus™ Thermometer

- Triple display simultaneously shows MIN/MAX and current temperatures, °C/°F switchable
- Monitors high and low readings overnight, on weekends, or for any time period - a significant advantage over current read-only thermometers
- Alarm is programmable in 1° increments and alerts user when temperature rises above or falls below a set point
- Supplied with battery, Velcro™, magnetic strips, 3m cable, Traceable™ Certificate

Cat No.	Range	Resolution	Accuracy	Probe	Price
11705853	-50 to 70°C (-58 to 158°F)	0.01°	±0.5°C (±0.9°F)	Standard probe 5mm diameter and 19mm long	640,50
11709755	-50 to 70°C (-58 to 158°F)	0.01°	±0.5°C (±0.9°F)	Bottle (patented) specifically for refrigerator/freezer applications	514,50
11715863	-50 to 70°C (-58 to 158°F)	0.01°	±0.5°C (±0.9°F)	5mL vaccine bottle mimics vaccine temperature and fits in tray	451,50

Compact multi-tasker with six-digit, dual channel display

Traceable™ Flashing LED Big-Digit Dual Channel Timer

- Features: two simultaneous countdown channels, flashing LED timing indicator/alarm, adjustable volume
- Unique visual indication for each channel; green light flashes while counting down and red light flashes once zero has been reached
- Adjustable volume: high decibel, low decibel, or off for silent flashing LED operation
- Timing capacity: 99 hours, 59 minutes, 59 seconds
- Resolution: 1 second
- Accuracy: 0.01%
- Supplied with batteries, magnetic back, flip-open stand/clip, opening for lanyard, Traceable™ Certificate

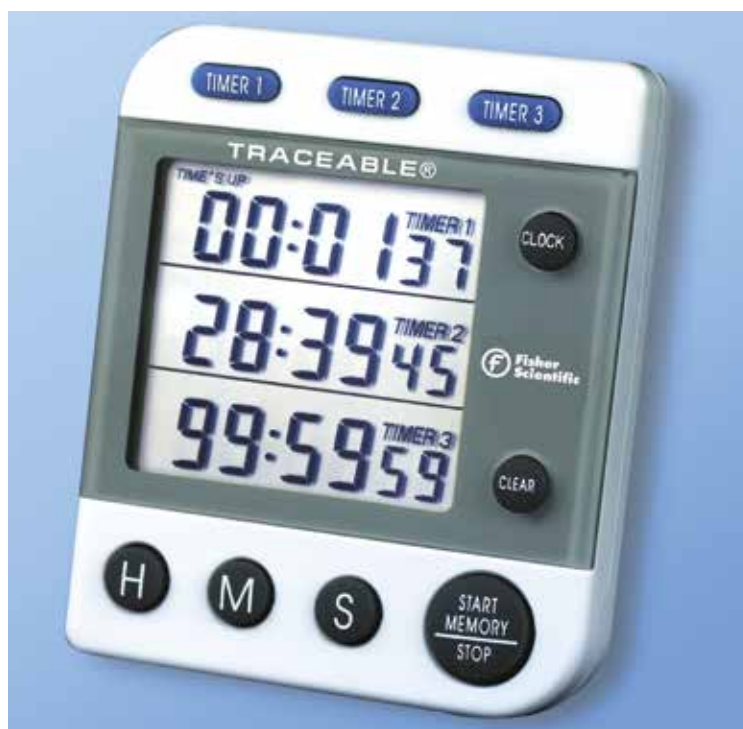

Cat No.	Description	Price
11749795	Traceable™ Flashing LED Big-Digit Dual Channel Timer	196,00

Unique, three-channel timer is perfect for use in all count up/down timing combinations

Traceable™ Three-Line Alarm

- Features: clock, count up/down, alarm, stopwatch, memory
- Displays three different countdown times simultaneously
- Three unique channels may be started individually or concurrently
- Memories return the display to the previously programmed time
- Perfect timer to dedicate to a group of repetitive tests
- Alarm: sounds at zero, 'Time's Up' is displayed, timer begins counting up
- Chemical-resistant ABS plastic case, magnetic back, flip open easel
- Timing capacity: 99 hours, 59 minutes, 59 seconds
- Resolution: 1 second
- Accuracy: 0.01%
- Supplied with clip, stand, magnet, battery, Traceable™ Certificate

Cat No.	Description	Price
11597453	Traceable™ Three-Line Alarm	323,40

Featured Product

Perennial favourite multi-tasking timer with handy attachment clip

Traceable™ Clip-It™ Timer

- Features: count up/down, alarm, time in/out
- Memory saves last programmed setting for quick recall - useful for repetitive timing events
- Timing capacity: 99 hours, 59 minutes, 59 seconds
- Resolution: 1 second
- Accuracy: 0.005% quartz-crystal
- Supplied with clip, magnet, opening for lanyard, battery, Traceable™ Certificate

Cat No.	Description	Price
11765873	Traceable™ Clip-It™ Timer	200,20

Jumbo sized 95mm display clock digits in a compact case

Traceable™ Jumbo-Digit Compact Radio-Controlled Atomic Clock

- Features: radio signal atomic clock automatically sets correct date/time; calendar displays month/date and day
- Temperature display: -5°C to 50°C (23°F to 122°F); resolution: 0.1°C; accuracy: ±1°C
- Supplied with wall mount, bench stand, batteries, Traceable™ Certificate

Cat No.	Time feature	Resolution	Accuracy	Size/Weight	Radio signal	Price
15368754	12/24 hours	1 second	1/10,000 second	229mm x 127mm x 32mm, 425g	UK signal	448,00
15378754	12/24 hours	1 second	1/10,000 second	229mm x 127mm x 32mm, 425g	European signal	448,00

Featured Product

Save 20% on safe nanopowders handling

Labconco™ XPert™ Nano Enclosure

- The XPert Nano Enclosure provides user protection by keeping hazardous powders and particulates contained during procedures such as nanoparticle manipulation and dry powder chemical handling
- Available widths from 60cm to 180cm (2 to 6 feet)
- Deep and tall models for additional space
- Optional canopy connection for exhaust to the outside

Do not compromise on safety and choose your discounted XPert™ Nano Enclosure for maximum user protection

Cat No.	Description	Price
11751509	2' XPert Nano Enclosure, without built-in ioniser, 610 x 740 x 970mm (w x d x h)	44 409,34
11761509	2' XPert Nano Enclosure with built-in ioniser, 610 x 740 x 970mm (w x d x h)	55 554,81
11771509	3' XPert Nano Enclosure, without built-in ioniser, 910 x 740 x 970mm (w x d x h)	52 380,24
11781509	3' XPert Nano Enclosure with built-in ioniser, 910 x 740 x 970mm (w x d x h)	63 491,21
11791509	4' XPert Nano Enclosure, without built-in ioniser, 1220 x 740 x 970mm (w x d x h)	60 316,65
11701519	4' XPert Nano Enclosure with built-in ioniser, 1220 x 740 x 970mm (w x d x h)	71 462,11
11711519	5' XPert Nano Enclosure, without built-in ioniser, 1520 x 740 x 970mm (w x d x h)	89 750,34
11721519	5' XPert Nano Enclosure with built-in ioniser, 1520 x 740 x 970mm (w x d x h)	108 866,71

The thinnest chemical resistant disposable glove for tough chemical protection and unparalleled comfort

Microflex™ 93-260 Nitrile/Neoprene Disposable Gloves

- Three layer design for superior protection against harsh chemicals, including most acids, solvents and bases
- Thin construction provides improved tactility and dexterity
- Soft polymer formulation and design that improves fit, feel and flexibility for more comfort and extended wear time
- Lower acceptable pinhole rate (0.65 AQL) and extended cuff for reliable protection against hazardous substances
- Silicone-free formulation and processing ensure better product protection

The thinnest chemical resistant glove to provide tough protection against a broad range of chemicals, with the dexterity and tactility of a disposable glove.

Protect your hearing. Situational awareness. Enhanced attention

3M™ PELTOR™ ProTac™ III Headset

- Hearing protector helps protect against harmful noise, whilst allowing ambient sounds to be heard
- Built-in level-dependent function allows the wearer to hear ambient sounds, such as conversations, machine sounds and warning signals
- 3.5mm jack to connect to your mobile phone or 2-way radio to hear the call right in your ear
- Auto power-off turns headset off after four hours of non-use to save energy, a low battery warning informs you when to change batteries
- Voice guided menu system so no need to take your headset off
- Level dependant microphone for ambient listening

You have two great reasons to protect your hearing – your ears. The 3M™ PELTOR™ ProTac™ III Headset with level-dependent function for ambient listening helps you focus on your work and communicate with colleagues in noisy environments, without removing the hearing protection. Stereo feedback will allow you to hear and better determine direction of alarms, warning cries, reversing vehicles and so on.

Enhanced chemical and microbiological protection without compromising comfort

KIMTECH PURE™ A6 Breathable Liquid Protection Coveralls

- Origami folded to reduce gowning time
- Arms and legs telescopically folded
- Advanced liquid barrier protection
- Suitable for ISO 7 and 8, Grade C and D cleanrooms
- Certified PPE Cat III directive 89/686/EEC

A new coverall designed with enhanced chemical and microbiological protection for applications in cleanrooms Class 7/8, Grade C/D. Innovative design features reduces gowning time with less contamination risk.

Designed to enhance comfort and reduce heat stress

KIMTECH PURE™ A8 Breathable Particle Protection Coveralls

- Ultra light breathable SMS antistatic treated fabric
- Unhooded design with high neck collar
- Built-in thumb loops to reduce skin exposure
- Suitable for ISO 7 and 8, Grade C and D cleanrooms
- Certified PPE Cat III directive 89/686/EEC

A new coverall designed to enhance comfort and to reduce heat stress for applications in cleanrooms Class 7 and 8, Grade C and D. Innovative ultra light weight fabric that minimises contamination risk and enhances user comfort.

TR-300+ is lighter and smaller, more comfortable and powerful
Save 20% on the new 3M™ Versaflo™ TR-300+ starter kit

3M™ Versaflo™ TR-300+ Starter Kit

- MOBILE POWER - high-capacity lithium battery (included) runs for 12 hours, recharges in 3.5 hours
- IMPROVED AIRFLOW - Two selectable flow rates 185L/min and 205L/min offer greater airflow and more comfort to the user
- COMPREHENSIVE CONTROL - intuitive coloured controls, battery charge indicator, particulate filter loading status, audible and visual low-flow and low-battery indicators
- FULL COMPATIBILITY - TR-300+ can utilise the same accessories, fittings and filters as the previous model TR-300
- MAINTENANCE FREE - battery, filter and pre-filter are easily changed by hand. Smooth surfaces for easy wipedown. IP53 rated for showers. Durable brushless motor

The New 3M™ Versaflo™ Powered Air Turbo TR-300+ starter kit is available in two formats: TR-315E+ (EU plug) and TR-315UK+ (UK plug)

The starter kit includes:

- TR-302E+ Powered Air Turbo unit
- TR-3712E P Filter
- BT-30 Length-Adjusting Breathing Tube
- TR-325 Standard Belt
- TR-332 High Capacity Battery (12h runtime)
- TR-341E Single Station Battery Charger
- TR-3600 Pre-Filter (x10)
- TR-971 Airflow Indicator
- TR-362 Spark Arrestor (x2)

For full customisation, all accessories and components can be purchased separately

Featured Product

NEW 3M™ disposable particulate respirators 8825+ and 8835+

3M™, The Science of Fit

- EN 149:2001+A1:2009 approved. 8825+ (blue headband) FFP2. 8835+ (red headband) FFP3
- Advanced Electret Media (AEM) fibre captures more particles and enables easier breathing
- Combined with the Cool Flow™ valve there is up to 43% reduced breathing resistance
- Perfectly compatible with 3M safety eyewear, 8825+/8835+ greatly reduces fogging
- New easy-adjustable braided headbands are colour-coded to protection level
- New proprietary soft inner face seal enhances comfort and fit further

At 3M™, 'Science of Fit' is the technology and research behind making protective equipment fit comfortably. Bridging the gap between disposable and reusable particulate respirators, the 8825+ and 8835+ series has been engineered to focus on fit performance without compromising wearer comfort. Fit is integral in product development, with onsite testing, laboratory testing and user training. 8835+ respirators were shown to fit over 94% of wearers faces in a 2016 fit test study

10% off Eppendorf centrifuge 5424R including rotor

Refrigerated MicroCentrifuge 5424R with Aerosol-Tight Micro Test Tube Rotor

- Temperature range from -10°C to +40°C
- Max. rotor capacity: 24 × 1.5/2.0mL vessels
- Max. speed: 20,238 × g (14,680 rpm)
- OptiBowl™ design for quiet operation, even without a rotor lid
- FastTemp function for quick pre-cooling of the centrifuge, e.g. from ~ 21°C to 4°C in only 8 minutes

Centrifuge 5424R (refrigerated), 230V/50-60Hz, knob and keypad version, incl. rotor FA-45-24-11, aerosol-tight.

Introductory offer! Increase your cell-based assay performance up to 50% by using the Thermo Scientific Nunc Edge 2.0 96-well plate

Thermo Scientific Nunc 2.0 96-Well Plate

- Prevent edge-effect with a surrounding reservoir that serves as an evaporation barrier
- Achieve full-plate cell viability and consistency by reducing the rate of overall plate evaporation to <2%
- Optimise cell adherence with Nunclon Δ cell culture treated surface
- Enabling the use of all 96 wells allows researchers to plan experiments more efficiently, resulting in potentially less cost and related product waste
- Samples available, please ask your local Fisher Scientific representative for more details

Efficient, economical and simple solution to prevent edge-effect for full-plate results during cell-based assays.

Try new additions to our chemicals range at discounted prices

Five New Product Ranges for Analytical and Life Science Applications

- Optima™ Ethyl acetate-ethanol solution, a greener replacement for DCM
- A range of 'GC Headspace' high purity solvents for accurate and reliable GC-MS analysis
- Convenient granulated microbiological media
- Safer sodium dodecyl sulfate (SDS) micropellets
- Time-saving FASTRun™ Tris-SDS-PAGE runner buffer, 10x

Enjoy our discounts on these new products from our Fisher Chemical and Fisher Bioreagents brands

Hydranal™ and Chromasolv™

Made by Honeywell.
Now at Fisher Scientific.

Same Chemicals, Same Manufacturer

Only the label has changed, not the chemicals inside.
They are still produced by the same manufacturer:
Honeywell Research Chemicals

Same Results, New Source

You can count on Hydranal and Chromasolv to deliver the same consistent results. And now you can buy them from Fisher Scientific.

*Free Shipping Terms and Conditions:
